

## ALUMINIUM SHUTTERS

### REFINED MEDITERRANEAN STYLE

Inspired by traditional Mediterranean wooden shutters, these aluminium shutters enhance building façades with timeless charm while offering advanced durability and design flexibility

### SUN CONTROL & VENTILATION

Equipped with fixed or adjustable slats, Thermia shutters regulate sunlight and promote natural ventilation, improving thermal comfort and energy efficiency indoors.

### REINFORCED SECURITY & PRIVACY

Engineered to resist intrusion and block external visibility, these shutters offer robust protection and privacy for both residential and commercial spaces.

### ADAPTABLE OPENING SOLUTIONS

Available in hinged, sliding, or folding configurations, these shutters integrate seamlessly with various architectural designs and project requirements.
